

25th World Mining Congress
ASTANA 2018•KAZAKHSTAN
JUNE 19-22

Dear partners,

on behalf of Iteca Kazakhstan Exhibition Company and its international partner –ITE Group Plc (UK), I hereby have the honor to invite you to visit our country and take part in the **25th Anniversary World Mining Congress, which will take place on June 19-22, 2018** in Astana, Kazakhstan.

The World Mining Congress is an international non-governmental organization that brings together experts and scientists from different countries engaged in the sphere of development of deposits of solid minerals. The World Mining Congress has been held since 1958 and over its history the number of participating countries has increased from 10 to 49, and continues to grow. The main task of the Congress is to promote scientific and technical cooperation for progress in the sphere of mining science and technology, as well as environmental protection and industrial safety.

The 25th Anniversary World Mining Congress will be held under the slogan: “Innovative Superiority - a Step Forward towards the Growth of the Global Mining Industry” and will cover in the program the entire chain of MMC: from exploration and extraction to enrichment, from risk assessment to attracting international funds. In the Congress will take part highest Government officials, leading experts of the world scientific community, investors and financial institutions, the largest international universities and associations.

Today participation in the Congress was already confirmed by delegations from Australia, Austria, Canada, Norway and France.

Considering importance of this Event for mining complexes of our countries and the world community, we kindly invite you and your Company to take personal part in the Congress.

Yours faithfully,

Yuri Borodikhin
